

The logo for M&C, featuring the letters 'M', '&', and 'C' in a bold, green, 3D-style font with black outlines and shadows.

*VALUE Driven*

A photograph of a construction site for biofuel facilities. In the foreground, a white semi-trailer with the M&C logo is parked. In the background, two large concrete silos are under construction. A red concrete pump truck is positioned to the right, with its long arm extending over the silos. The sky is clear and blue.

# Biofuels/Ethanol Facilities

Over 45 biofuel facilities and counting...

## Facility Updating

McC is your contractor for design/build and installation of processing systems, including corn fractionation and oil extraction.

## Construction

McC is the industry leader to turn to for all your construction needs; from deep excavation to initial start-up.

## Maintenance and Shut Down

McC provides full-circle service, from on going maintenance to shut-down procedures, McC is your partner for success.

## McCormick Construction Provides A Wealth of Industry Expertise With:

- Design/Build
- Project Management
- Custom Fabrication
- Steel Bins
- Concrete Slip-Form
- Concrete Foundations & Slabs
- Pre-Fab Metal Buildings
- Crane Services
- Equipment Installation
- Millwright Services
- Emergency Repair
- Strategic Shut Down Planning
